

Polish proposal of law:

- intervention in young people' work, who works under the qualifications (UE should set up the special organization, which will resolve this problem),
- more opportunities to education, extra courses, studying during weekend for youth workers,
- discount for young people, who would like to buy/rent house,
- reduction of tax for volunteers of associations (work for local community as a price),
- obligatory foreign language courses for unemployed to improve their skills and give the new opportunities to find a job.
