Background and Experience

SOS EUROPA is an independent association of social promotion based in Rome. It was created to spread the European cultural values and for improving integration inside and outside the Union, encouraging mobility of young people by promoting cultural exchange and knowledges exchange, participatory and active European citizenship, networking opportunities. The Association is not profit and seeks exclusively scopes of social, human, civil and cultural solidarity and of ethic research. The Association organizes courses, training, seminars and is partner of several European projects.

In particular SOS EUROPA pursues primarily the following aims:

- commitment to the creation of an intercultural and supportive society, that is directed to encounter and exchange with the Other;
- education to civil liability and active citizenship;
- to develop awareness, social consciousness and competence in young generations;
- promotion of youth and social policies;
- cultural education and youth policy at European and international level;
- promotion of youth mobility in cultural, educational and work opportunities;
- support for young artists, in the fields of visual arts, theater, music, performing arts and creative freedom in general;
- to promote free flow of ideas and spread of free software in computer world;
- to promote and to develop paths of non-formal education.

SOS Europa is partner of the third edition of Italian Gaymes, cultural sporting event against sex discrimination, and Euro 2019 Gaymes partners, a sporting event for the LGBT community. SOS Europa is one of the founders of the Italian National Gay Friendly Team (www.nazionalegay.it). SOS Europa periodically organizes courses about euoplanning for its volunteers.

Headquartered in Rome, SOS Europa wants to be a reference point for people and organizations interested in the dynamics of European integration.

On their facebook page SOS Europa shares all the informations about the Erasmus Plus program and about how to participate in mobility projects.

What are the activities and experience of your organisation in the areas relevant for this application?

We are experts in planning and dealing with socio-medical and educational services for the individual, the family and entire social groups in order to prevent difficult situations, permit the cure, the rehabilitation and the integration in everyday life of people with problems.

The elements that distinguish us are quality, professionalism and personalization in the assistance as well as monitoring and innovation in our processes and our activities. The most important aspect of our activities is the active participation of the People in need respecting their individuality, their dignity, their rights and their life. We promote the cure of the people who work, respecting their dignity and defending their rights.

The association is based on background and experience of its members, for years involved in associations and experts in EU policies. The idea of the founders of SOS Europa is to concentrate its efforts on the development of young people, actively encourage and support their participation in educational, social, cultural and economic environment, in order to contribute to the improvement of communities in which they live.

In particular, Association SOS Europa is specialized in the following areas, covering the main objectives and activities of the project: promotion of lifelong learning as tool for constantly adapting to changes and for achieving personal and professional growth; promotion of educational activities, of professional development and of social skills of young people, for being suitable and effectively integrated in dynamics of the society; involvement in social integration of people at the risk of social exclusion; dissemination of European opportunities for mobility and training; promotion of vocational training as instrument to increase youth employment and entrepreneurship; development and organization of training courses, groups work, seminars, events, conferences and youth exchanges, with a focus on Erasmus+.

SOS Europa wants also to provide equal opportunities in education and integration in the labour market for the most disadvantaged groups of people, for those with fewer opportunities or living in difficult situations. To promote European intercultural dialogue, social inclusion, equal opportunities, respect and diversity. To promote European citizenship and to improve the

conditions for a civil and democratic participation at European level. To establish and promote networks and relationships at local, national and European level.

At international level, since its foundation, SOS Europa is active on the European field, thanks to knowledges of its members, who already have a solid background of experiences relating to conception, implementation and management of community projects, in particular about the training courses Erasmus Plus KA1.

SOS Europa carried out its first workshop of the European Projecting in which participated a lot of young people that now cooperate with the Association itself.

What are the skills and expertise of key staff/persons in your organization that will be involved in this project?
