**call [https://ec.europa.eu/info/funding-tenders/opportunities/docs/2021-2027/cerv/wp-call/2022/call-fiche\\_cerv-2022-child\\_en.pdf](https://ec.europa.eu/info/funding-tenders/opportunities/docs/2021-2027/cerv/wp-call/2022/call-fiche_cerv-2022-child_en.pdf)**

<b>TITLE OF THE PROJECT</b>	<i>Let's make children sociable again</i>
<b>Funding programme</b> <i>Indicate the selected funding programme and call and the priorities the project wants to address</i>	CERV - CHILDREN RIGHTS
<b>General Objective</b>	TO SUPPORT MENTAL AND SOCIAL HEALTH OF CHILDREN AFTER COVID ERA
<b>Specific Objectives</b>	1 <i>Identify the specific needs and fears of children from 8 to 12 years old in each partner country after COVID era</i>
	2 <i>Create a guideline for experts working with children and their parents</i>
<b>Target groups</b> <i>Who will use and or benefit from the outputs?</i>	<i>children from 8 to 12 years old</i>

<p><b>Summary of the project</b> Short overview of the project</p>	<p>The project idea is to identify the needs and the fears of the children between 8 and 12 years old after COVID era. The project team wants to focus on the mental and social health of the children and try to identify good practices and know-how regarding childhood interactions and behaviours. We expect to achieve these objectives through a professional survey to be realised in all the partner countries and according to the results of the survey, a Guideline will be created and tested by the experts working with children (social workers, teachers, etc.). After receiving the feedback of the testphase from the experts, the final version of the Guideline will be presented on an international level and will be disseminated to different stakeholders. We will also create a website of the project in which all the results will be published and in which the Guideline will be available for download.</p>
